I bought the machine last week and am currently rewiring the ignition and information panel to include gauges instead of idiot lights. With his digital manuals I was able to print a schematic of the electrical system on my plotter 3 by 4 and hang it on the wall by the machine. The overall ease of looking

straight at the poster while in the seat was priceless.thanks. Im willing to pay to forward, so if any of you need any of the manuals, let me know. Again, thanks Joe.I have a wounded 940 in the back yard. Could you please send me the service manual and the 960 parts manual just for good measure. Thanks! tj caffeAlthough I didnt take the picture in my avatar, I did stop at the exit off I20 and fuel up at the travel plaza across the street on a road trip a few years ago. I have a picture of the sign but it didnt have the stack of tires, kinda adds to the ambiance. For the best experience on our site, be sure to turn on Javascript in your browser.
